Objectives

Seeking full time vocational nursing position where I can demonstrate my abilities as a nurse and improve my skills in a field that never stops growing.

Work experience

- **Licensed Vocational Nurse | The MonteVista at Coronado Nursing and Rehab | May 2021-Present**

- **Responsibilities**

- Obtain information from residents/family to identify complaints and/or symptoms for seeking health care.
- Take vital signs, to include blood pressure, temperature, pulse (apical and peripheral), oxygen saturation, respirations, pain level, blood glucose, height, and weight.
- Provide individualized nursing care based upon the plan of care and emotional, mental and physical assessment of the resident.
- Administer physician ordered medications by oral, transdermal, rectal, subcutaneous, and intramuscular routes. Provide various vaccines (Influenza, Pneumococcal, etc.).
- Provide teaching to residents and/or family on self-care techniques, medications/vaccines, and documents teaching.
- Ventilator and tracheostomy care.

- **Licensed Vocational Nurse | Good Samaritan Society | November 2016-December 2017**

- **Responsibilities:**

- Obtain information from resident/family to identify complaints and/or symptoms for seeking health care.
- Take vital signs, to include blood pressure, temperature, pulse (apical and peripheral), oxygen saturation, respirations, pain level, blood glucose, height, and weight.
- Provide individualized nursing care based upon the plan of care and emotional, mental and physical assessment of the resident.
- Administer physician ordered medications by oral, transdermal, rectal, subcutaneous, and intramuscular routes. Provide various vaccines (Influenza, Pneumococcal, etc.).
- Provide teaching to residents and/or family on self-care techniques, medications/vaccines, and documents teaching
